Markdown

Word found unreadable content

Markdown

Incorrect section numbering from an Org Mode file

Markdown

Duplicated header row for some tables while converting from Docx to Tex using Pandoc

Markdown

URI encoding can produce malformed URIs

Markdown

Number all equations in LaTeX -> markdown

Markdown

tab delimited csv as input

Markdown

LaTeX to HTML: 'align' environment is incorrectly converted to 'aligned'

Markdown

accessibility issue in docx and powerpoint files

Markdown

Place footnotes occuring in table cells at the bottom of the table

Markdown

Support colspans and rowspans in grid tables

Markdown

[REQUEST]

Markdown

Prevent context manager to overwrite previous one in jupyter

Markdown

[BUG] Console object failing to capture in a context manager

Markdown

[BUG] SVG gets surrounded in a black box

Markdown

[BUG] Rich 12.1.0 throws an exception when importing

Markdown

[BUG] Rich doesn't work with Python <3.6.3, so its minimum version should be bumped to 3.6.3

Markdown

New Markdown parser

Markdown

[BUG] Wrong terminal size when piping to a Rich app

Markdown

[BUG] SVG output is not compatible with most tools beyond browsers

Markdown

Support setting terminal title (including on legacy Windows consoles)

Markdown

pressing enter with text selected

Markdown

Copying loses LaTeX \$ markup

Markdown

Website Down

Markdown

Cursor behaviour when pressing up at the start of a file.

Markdown

Cursor behaviour when pressing right arrow at end of line

Markdown

Cursor fails at the end of large line in code block in block

Markdown

Exporting with different font doesn't work

Markdown

You cannot display folders with multiple directories at the same time

Markdown

Fails to print

Markdown

Header #s hidden while enter key is held down bug

Markdown

Support TypeScript 4.7

Markdown

Format CSS grid-template-areas

Markdown

Whitespace is incorrectly inserted between inline elements, even if html-whitespace-sensitivity is set to strict

Markdown

Option "singleAttributePerLine" and hbs-files

Markdown

print-width: wrapping behavior shows different between languages

Markdown

Don't remove space between unary minus and calc() in Sass

Markdown

Prettier GraphQL description leading space bug

Markdown

Break line after assignment ("=") if it allows to avoid breaking right-hand side into multiple lines

Markdown

Media query with multiple lines and inline comments gets corrupted

Markdown

Misaligned indent in curried arrow function

Markdown

feat: post.excerpt should remove footnotes

Markdown

Ruby 2.6 is EOL

Markdown

feat: provide an option to globally disable Liquid template tags parsing

Markdown

[Bug]: gem update is not working on WSL2

Markdown

Update dependency constraint to allow for liquid v5.3.0

Markdown

Reduce Jekyll 3.9.x dependency on gem pathutil

Markdown

[Bug]: Images are displayed in p elemnts for no reason

Markdown

[Bug]: Jekyll is watching excluded directories

Markdown

feat: Render markdown files to HTML when including.

Markdown

[Bug]: language-\* class of inline code in markdown always outputs as "language-plaintext"

Markdown

Does it possible to scroll when <a/> is clicked but not hashchange?

Markdown

Search not work with relativePath and routerMode hash

Markdown

Did not load homepage in router mode history and subdirectory

Markdown

relativepath=true and sidebar.md can't coexist

Markdown

can't jump to right anchor when there are lots of pictures in doc

Markdown

Support relativePath link set linkTarget

Markdown

Allow search index starting points for additional sidebar files in nested folders

Markdown

Allow Serving "Virtual" Routes from Plugins

Markdown

Navigation / links not loading correct page content after a while

Markdown

Add a dispose() method to Docsify to clean up the instance

Markdown

Marked failing to render text after an HTML tag

Markdown

produce smaller output (strip away new line)

Markdown

The 'this' context of type 'Tokenizer<never>' is not assignable to method's 'this' of type 'TokenizerThis'.

Markdown

email with special characters breaking up the text also displaying as a link

Markdown

Importing 4.0.10 in TypeScript makes TypeScript wonder its existence and where the files are

Markdown

Measured performance decrease between major releases of Marked, time for a performance pass?

Markdown

highlight add parameters
